

SPPC Announces Qualified Bidders for the 5th Round of Renewable Energy Projects with a Total Capacity of 3700 MW

The Saudi Power Procurement Company (SPPC) has issued the list of qualified bidders for the fifth round of renewable energy projects under the National Renewable Energy Program (NREP), under the leadership and supervision of the Ministry of Energy.

SPPC issued the Request for Qualification (RFQ) of NREP's Round 5 on the 12th of November 2023. On the 5th of December 2023, SPPC received Statements of Qualification (SOQ) from 31 applicants, of which a total of 23 companies have been qualified for lead roles.

The combined capacity of Round 5 is 3700 MW and consists of the following projects:

- 1. [2000] MWac Al Sadawi Solar PV IPP to be located in the Eastern province, KSA.**
- 2. [1000] MWac Al Masa'a Solar PV IPP to be located in the Hail province, KSA.**
- 3. [400] MWac Al Henakiyah 2 Solar PV IPP to be located in Madinah province, KSA.**
- 4. [300] MWac Rabigh 2 Solar PV IPP to be located in the Makkah Province, KSA.**

Under the leadership and supervision of the Ministry of Energy, NREP aims to maximize and optimize the renewables' share in the Kingdom's energy mix to achieve 50% renewable energy to produce electricity by 2030.

List of Qualified Bidders for Round 5 Projects

Managing and Technical Member	Managing Member
Abu Dhabi Future Energy Company PJSC - Masdar	GEK TERNA S. A
Al Jomaih Energy & Water Co., Ltd.,	Gulf Energy Development Public Company Limited
Alfanar Company	JERA Co., Inc.
B. Grimm Power Public Company Limited	Power Construction Corporation of China
BGL Renewable Energy Systems Installation LLC	Saudi Electricity Company
EDF Renouvelables S.A.	
FAS Energy KSA LLC	
ITOCHU Corporation	
Jinko Power (HK)	
Kahrabel FZE	
Korea Electric Power Corporation	
Marubeni Corporation	
Nebras Power Q.P.S.C.	
Nesma Renewable Energy	
Samsung C&T Corporation	
SPIC Huanghe Hydropower Development Co. Ltd.	
Sumitomo Corporation	
Total Energies Renewables SAS	

SPPC is responsible for the predevelopment, tendering, and subsequently procuring the Energy from the projects. To date, SPPC has awarded over 12.6 GW of renewable energy capacity under NREP.
